

The House That Jack Built

PART V

SO here are Jack and Jill in their ownest own little flat. The canary emits roundelays of ear-piercing sweetness. The cat slumbers on the hearth rug. The furniture wears its newest gloss and the hearts of Jack and Jill overflow with bliss.

Of course there is no PERFECT HAPPINESS outside of Eden and there are just a few drawbacks to Jack's and Jill's happiness.

The closets are terribly SMALL.
The water pipes will LEAK.
The janitor is simply a BRUTE.
The kids in the flat above are just AWFUL.
The girl in the flat below practises on the piano all day and—Jack says—all NIGHT.
The furniture is SO pretty, but it is NOT strong.

And RENT DAY comes around so quickly. O, yes, RENT DAY never fails to come around!

Rent Day will never come around if you Own Your Home

GEN. WARNER, NOTED FREE SILVER MAN, IS DEAD

Marquette, O., Aug. 13.—Gen. A. J. Warner, one of the most prominent free silver men of the country, died here today of infirmities and old age. Born in Wales, N. Y., in 1834, he was a member of congress from 1879 to 1881 and from 1883 to 1887.

Dr. John Reifel, representative of the state board of health office, is here on an annual inspection.

RAILROAD NEWS.

ORIENT ROAD HAS BEGUN GRADING

The Steel Has Been Laid Between Fort Stockton and Marton.

Advices from an authoritative source state that grading on the right-of-way of the Orient road north of Fort Stockton began on August 5, and that steel has been laid south from Fort Stockton to Marton. Rush orders have been issued to the grading crews and it is expected that the gap between San Angelo and Fort Stockton will soon be built. The Orient is in operation from Wichita to San Angelo, a distance of 510 miles. The line to Topolobampo, when completed, will be 1653 miles long. The Orient has begun work on a \$13,000 stone station at Fort Stockton and a private enterprise will soon begin the erection of a \$25,000 hotel. Fort Stockton is the center of an irrigated section of 35,000 acres of land and has one of the largest artesian wells in the southwest.

ORIENT PUSHING WORK ON ROAD IN CHIHUAHUA

E. E. Stuart, mine manager of Uruque, state of Chihuahua, Mexico, states that the Orient railroad company is pushing work at the western terminus of the road and is making a cut 200 feet deep through a mountain on which 250 men are now employed and this force will be augmented to 1000 before it is completed, which it is estimated will be a year and a half. This cut will make the connection between the eastern graded line and the western or Sinaloa part of the line. This is really on the Pacific slope of the Sierra, and is the only serious obstacle remaining.

CAR SHORTAGE FEARED BY RAILWAY OPERATORS

Chicago, Ill., Aug. 13.—A car shortage appears inevitable as viewed by the committee on relations between railroads of the American Railway association. This statement and others of importance to railroads and shippers alike is made in the fortnightly bulletin made public by chairman Arthur Hale of the committee today. According to this bulletin, the present surplus is 105,564 cars, a decrease in two weeks of 25,050.

HARVEY HOUSE EMPLOYEES HAVE MEASURE TAKEN

The official tailor of the Harvey system was in the city Friday taking the measure of the employees of the system here. The tailor makes an annual tour of the system. Harvey employees wear no uniform, but, for those who wish it, they may have their clothes made by the official tailor, which is both convenient and economical. The tailor has been with Harvey many years.

GOLDEN STATE LIMITED CHANGES ITS TIME

Beginning Sunday, August 14, the Golden State Limited will arrive from the west at 12:20 instead of 12:40, as at present, and will leave for the east at 12:45, instead of at 1:05 p. m.

ABOUT RAILROAD PEOPLE.

W. H. Whalen, superintendent of the Tucson division of the S. P., returned to Tucson Friday evening.

Dr. A. R. Goodman, chief surgeon of the Mexican National railways, who spent several days in the city, returned to Mexico City Friday evening.

W. P. Stiles, superintendent of the Southwestern dining car service, went to Douglas Friday evening on business. Train auditor Baker, of the Southern Pacific, with headquarters at Los Angeles, was in the city Friday.

Trainmaster Ewing of the Santa Fe, with headquarters at San Marcial, was a passenger arriving on the Santa Fe train from the north Saturday morning.

Chester S. Elliott, assistant ticket agent at the union station, has returned from a trip through the Pecos valley, where he visited in Amarillo and Roswell.

W. G. Sullivan, freight conductor on cab No. 347 of the Lordsburg-El Paso through freight, has been transferred. The position is open to filling until August 15.

J. E. Monroe, city ticket agent of the Santa Fe, passed through the city Saturday enroute from Los Angeles to San Antonio, traveling in Mr. Fowler's private car "Julia".

G. H. will leave Sunday morning for Los Angeles, where he will join his family and spend his vacation at California resorts.

J. S. Franco, assistant district commissary agent of the Pullman company, with headquarters at Mexico City, arrived in the city Friday and will act as local commissary agent of the company during the absence of Mr. Somes, who has obtained a leave of absence.

Clinton E. Somes, commissary agent of the Pullman company at El Paso will leave Sunday over the Texas & Pacific for his old home at Boston, going via St. Louis and Chicago. He has obtained a leave of absence and will spend his vacation with friends and relatives in Boston.

Santa Fe passenger conductor Louis F. Gifford came in over the Santa Fe train from the north Saturday morning from a vacation of 20 days, spent at various points in California. If Mr. Gifford's first name hasn't anything to do with it, it is a coincidence, for he has been with the Santa Fe for twenty years.

SPOKANE WANTS AN EL PASO PASTOR TO COME THERE

Plymouth church has gone a long way to seek a pastor as successor to Dr. Mills. At a special meeting held at the close of the morning service, an enthusiastic and unanimous call was extended to the Rev. Bryant C. Preston, of El Paso, Tex.

SUICIDE WIPES OUT CHARGE OF RECEIVING STOLEN PROPERTY AGAINST WOMAN

Ends Her Life by Her Own Hand—Arrested During Races on Charge of Receiving Stolen Property.

Tragic culmination of the case against Lillian Harven, a 19-year-old resident of the red light district, occurred Friday night with the young woman's death by suicide. So, a bond of \$1000 and charges against the girl for receiving stolen property, have been canceled by death.

Lillian Harven, alias Lillian Frazier, alias Mrs. John Little, was arrested last March on suspicion of receiving property stolen in a number of cases by the army of thieves who accompanied the racing season at the Juarez track. She had mailed a package to

convertibles and some special lines of domestics. Yarns are firmer and linings selling better.

Complaints of the situation in Texas are becoming more numerous, as with continued lack of moisture and higher temperatures, cotton is shedding rapidly and the bolls are opening prematurely which is giving a large movement to early cotton from Texas. Oklahoma has been relieved by general rains and while the plant is two weeks late, indications are for full yield. Reports from Fall River say there is a strong demand for print cloths at higher prices and the tone of the Manchester market is better. There seems a fair demand for spot cotton from domestic mills and the prices being paid in Texas for new cotton indicate considerable competition for whatever cotton is offered.

Weather Controls New Orleans Market.
New Orleans, La., Aug. 13.—Texas weather conditions continue to the immediate cotton market influence. Further rains in the northern tier of counties occurred in Oklahoma. The bears claim the weakness of the situation is due to the absence of forward trade demands. The bulls claim the strength of the market is not in speculative buying contracts but buying actual cotton.

Liverpool Is Quiet.
Liverpool, England, Aug. 13.—Spot cotton was today in moderate demand at unchanged quotations. Sales amounted to 4000 bales; 2200 for American account. Speculation and export 400; imports 2000; spots unchanged or 8.10 for American middling. On the future division, prices opened dull and about unchanged, while the close was quiet and from lower to one point higher. Trade was dull and narrow throughout the session. Traders are not willing to commit themselves over Sunday.

JUAREZ MAY HAVE A SEWER FARM

Mayor Says City May Not Run Sewage Into the River at All.

Mayor Robinson Friday journeyed to Ciudad Juarez and held a conference with jefe politico Portillo of the Mexican border city about the Juarez sewage plant.

Mr. Portillo explained that Juarez officials were not sure as to the sewage dump, which the El Pasoans understood was to be located opposite the grain elevator. He assured the El Paso mayor that Juarez would cooperate in every way in preserving intercity sanitation, a mutual protection, since disease knows no international line.

"I believe that we will arrange to use the sewage for land irrigation," said Mr. Portillo to The Herald after the interview with mayor Robinson. "We may not use the river at all. There is a system of flooding lands which is employed in the city of Chihuahua and which has proved sanitary and efficient."

Next week will continue the Juarez mayor, a commissioner from this city will visit Chihuahua and inspect the system as employed there. If we use the irrigation system, the lands watered will be far below both cities, and out of any range of danger."

San Antonio, Texas, has a sewer farm, and all north Texas has officially boycotted vegetables from there.

The committee which will journey to Chihuahua next week will be composed of E. P. Pringle, M. E. Escobar, an engineer, and Mr. Portillo himself.
